High Grade Seeds, Implements, Fertilizers, Twines, and Market Gardeners' Requisites

Seldom have seed supplies been as short as they are this season. All seed imports from Europe having been stopped entirely there are several items of which there is less than half of what is needed. A few of the items usually brought in from other countries were grown here, but the acreage was not large and the harvest light. Plans have been laid to grow much more this year and it is hoped that these efforts may be crowned with success so that ample supplies will be available by next fall.

As in former years, we have exercised the greatest care to obtain high grade seeds and what we offer is beyond doubt the best to be had. For you it is advisable to place your order early. Choice stocks are scarce and will be sold out before planting time.

We thank all of you who have so generously favored us in the past and hope that we may serve you again this season.

TERMS AND CONDITIONS

ORDERING. If possible use our order sheet. Additional order sheets will be sent on request.

Be sure to fill in your name and address. Write plainly; English, Holland or German may be used, for expressions or correspondence.

PAYING. All bills are due August 1st next, unless other agreements are made. Overdue accounts will draw interest at the rate of six per cent (6%) per annum.

Credit will be extended to regular customers, providing your account is in good standing.

New customers, applying for credit, will please send paid seed bills of two previous years to prove good standing elsewhere.

Orders for C. O. D. shipments will have prompt attention if 25% of the amount is sent with order.

On spring orders for garden seeds we allow a discount of 10% if paid before April 1st. On Implements 5%. Orders received after June 1st are not subject to discount.

Grass and Field Seeds are sold net cash at any time. Bags are free.

DELIVERY. All orders will be delivered free of charge within a radius of 50 miles. After April 1st, and

continuing throughout the summer, we make daily deliveries to all local points.

SHIPPING. Shipments can be made by freight, express or parcel post. If no instructions are given, we will use our own judgment. We will prepay shipments of Garden Seeds up to a distance of 300 miles from Chicago. Field Seeds, Gasoline Engines, Machinery, Fertilizers and all Implements are quoted and shipped f. o. b. Chicago.

Be sure to note condition of bags on arrival; if torn, have it marked on your freight bill; if spilled out, have the bags weighed and weight also noted on freight bill, otherwise it will be impossible to recover damages.

If for any reason an order or part of an order cannot be filled, we will refund amount sent for such order or part of such order.

WARRANTY. Owing to climatic conditions and difference in soil, we cannot and do not give any warranty, express or implied, as to crops produced of seeds bought from us, and beyond the amount charged for any item, we will not be held responsible for any results whatever. If the purchaser does not accept the goods on these terms, they are at once to be returned. To protect our customers, as well as ourselves, we do not take back any packages of seeds that have been opened.

Bugner Cabbage

Cabbage Is a Big Item with Us; We Sell Hundreds of Pounds Every Year

CAULIFLOWER

For a number of years we have devoted special attention to Cauliflower Seeds. Our many connections with reputable seed breeders in Europe have enabled us to obtain prize-winning stocks. Regardless of price, there is none better.

	Oz.	1/4 lb.	Lb.
Chicago Snowball. The most dependable sort for early crop. First offered by us in 1927 it still is the leading variety today for hotbed seeding. Matures evenly, producing snow-white heads	\$5.00	\$20.00	\$75.00

Extra Early Snowball. Matures a few days later than Chicago Snowball. Heads are larger and heavier	5.00	20.00	75.00
-----------------------------------------------------------------------------------------------------------------	------	-------	-------

New Michigan Snowball. A splendid sort for early and fall crops. The heads are very uniform and exceedingly compact. Has given excellent results ...	5.00	20.00	75.00
-------------------------------------------------------------------------------------------------------------------------------------------------------------	------	-------	-------

Dry Weather. Matures about two weeks later than Extra Early Snowball. Stands drought well. **Crop failed.**

Large Late Snowball. Introduced more than 25 years ago, this variety still is much in demand. The heads are large and heavy, and the color is always a beautiful white. Recommended for fall crop only	5.00	20.00	75.00
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------	-------	-------

Normandie. This is an exceptionally fine strain of Snowball, selected for weight and solidity of head. It is so uniform in maturity that nearly all the heads are ready in two weeks after the first cutting. Should be used chiefly for fall crop ..	5.00	20.00	75.00

Chicago Snowball Cauliflower

Oz.	1/4 lb.	Lb.	
Catskill Snowball. Quite similar to our Large Late Snowball. Popular in New York State for fall crop	\$5.00	\$20.00	\$75.00

White Mountain. The most recent introduction in Cauliflower for fall crop. No other sort has found favor with the growers so quickly. With irrigation our strain has produced as high as 98% U. S. No. 1 marketable heads. It surpasses all others in size and tonnage per acre	5.00	20.00	75.00
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------	-------	-------

Purple Beauty. An Italian Cauliflower which produces small heads of a greenish purple color. Should not be grown extensively as the demand for it is too small to absorb large quantities	No supply.
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------

White Mountain Cauliflower
Note the remarkable depth of the head

Our Cauliflower seeds are grown from carefully selected, fully developed heads only, and every plant which does not meet our standard of quality is done away with. The result is that our seed can be depended on year after year.

Protect Your Seed Corn

During the period when it is most easily damaged, by ridding your crop of crows and other corn-pulling birds and animals. It saves loss of seed and labor of replanting. It positively will not clog any planter. It is non-poisonous and will not injure the seed or any kind of corn. It is more effective, more convenient to use, and more economical than any other material.

LARGE CAN, \$1.00
(Enough for 2 bu. of seed corn)

SMALL CAN, .60

CUPROCIDE
The Red Copper Oxide That Stays Red

How to Use Cuprocide

The seed is dusted with a protective red coating of Cuprocide. For treating small quantities up to a few pounds of seed, small glass jars are convenient, and by shaking and turning the container for some five minutes, it will be found that the seeds are thoroughly coated with the red powder.

1-lb. can for 40 lbs. seed \$0.90
5-lb. can for 200 lbs. seed 3.50
Beet seed requires double amount.

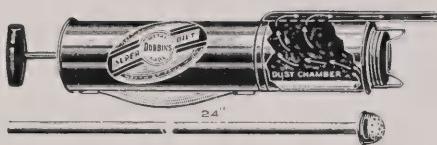

Sprayers and Blowers

Rival No. 288 Sprayer

Capacity, 3½ Gallons.

This machine is equipped with hose and 20-inch extension rod, making it easy to put the nozzle close to the plant, enabling you to spray where it is most needed. A few strokes on the pump handle every 10 minutes is all that is necessary to give sufficient pressure. Tank is galvanized, nozzle brass. Price, \$5.00.

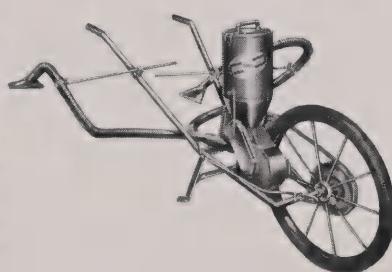

One-Shot Hand Duster

Delivers powerful load of dust with every stroke. Suitable for dry dusting only. Price, \$1.00.

A one-man traction type duster for all row crops such as potatoes, berries, tobacco, cotton, beans, cabbage, etc.

The big 16 in. x 2 in. semi-pneumatic tired wheel carries all the weight. The operator simply sets the nozzles at the required height, then walks along between the rows at an ordinary pace. Very easy to operate. The dust discharge is at the rear—no walking through a cloud of dust.

Wheelbarrow Duster

Furnished with sufficient discharge for dusting one or two rows.

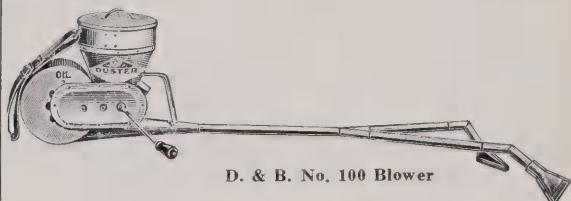

Nozzles adjustable to rows in any width up to 72 inches apart and in any height from ground to 36 inches.

Length over-all, without fittings, 45 inches. Height, 37½ inches. Capacity of hopper, 10 to 15 lbs.—depending upon the dust used.

Price, complete, \$31.50.

D & B No. 100 Blower

Used for dry dusting only. Large fan operated by crank handle through gears gives a powerful blast, distributing insecticides to every little nook of the leaves. Dusts one or two rows, as desired. Price, \$10.00.

D. & B. No. 100 Blower

D & B No. 200 Blower

Operates the same as the No. 100 Blower, but has larger fan and hopper. The gears are enclosed in a dustproof case packed with light grease. In addition, it has a curved metal plate, fitting over the stomach of the operator, with canvas strap to fasten around his waistline. Price, \$11.60.

When using a blower it is advisable to cover mouth and nose with cloth or handkerchief to prevent inhaling of poison dust, likely to cause ill effect.

Wheelbarrow Sprayers

12 gals. capacity. Price, \$15.00.

18 gals. capacity with air pressure tank for spraying, whitewashing, etc. Complete, price, \$38.00.

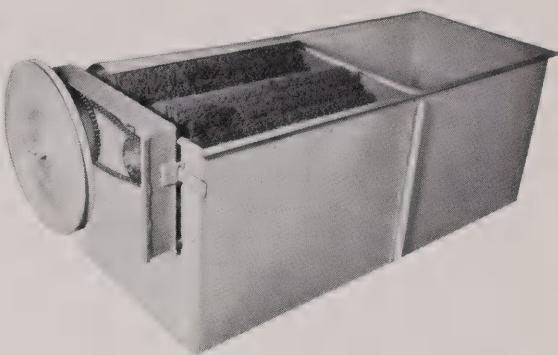

Washers - Seeders - Fertilizer Drills

Cicero Bunch Vegetable Washer

A valuable asset to growers of bunch vegetables. Washes off the dirt and polishes the goods while the operator holds them by the tops, usually 4 bunches at a time. No running water required. Just fill the tank and go ahead. Several hundred bunches can be washed without changing water.

Tank is 5 ft. long, 2 ft. wide, and 2 ft. deep; made of heavy galvanized metal with seams riveted. 2-in. drain plug in bottom. Well painted inside and out.

Brushes are 26 inches long and 10 inches in diameter, revolving at a speed of about 160 per minute. Steel sprockets and roller chain are used and Zerk grease fittings installed where needed.

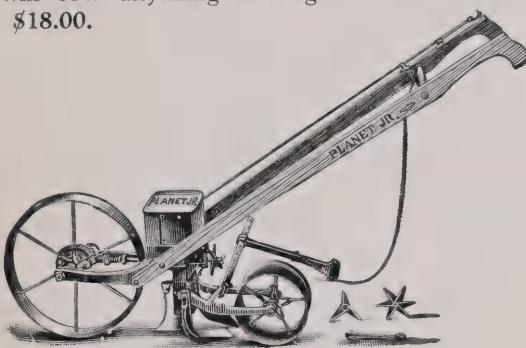

Price, with 19-in. groove pulley, \$110.00. If desired we can supply $\frac{1}{2}$ H.P. electric motor and cog belt at an additional cost of **\$28.00.**

Weight, less motor, 180 lbs.

No. 3 Planet Jr. Seeder

This is the favorite machine among truck gardeners. Runs light and does the work right; will sow anything in vegetable seeds. **Price, \$18.00.**

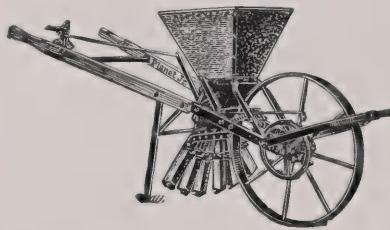

No. 3 Seeder

No. 300 Planet Jr. Seeder

The ideal machine for the market gardener. Drops evenly and accurately any vegetable seed from the smallest up to Bush Lima beans. New style waved feed wheel does not crush or break beans or peas. Hopper can be removed in a few seconds to empty leftover seeds. **Price, \$20.00.**

No. 220 Planet Jr. Fertilizer Drill

A new model fertilizer distributor, which will do fine work.

Operates like a wheelbarrow, will sow 100 lbs. to over a ton per acre. Feeds the material through 6 galvanized pipes. These are adjustable, capable of covering a strip 30 inches wide. Seldom clogs up. **Price, \$28.75.**

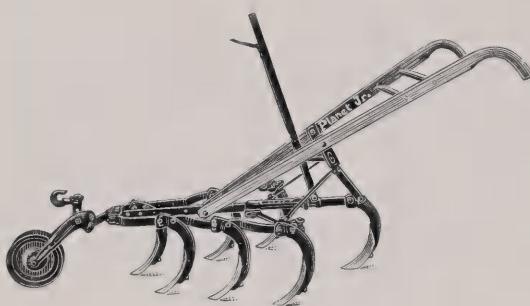

No. 219 Cultivator with Fertilizer Attachment

This handy machine answers the call for a light inexpensive, practical tool for side-dressing growing crops. Small enough to go between 12-inch rows. It will handle nitrate and commercial fertilizers.

Price complete . . . \$11.00
Fertilizer attachment only . . . 6.50

Planet Jr. Tools

No. 83 Cultivator

The Seven-Tooth Cultivator has gained in favor, due to the fine work it does; weeds have a very small chance to slip by when these seven shovels are in operation. We recommend this as a valuable tool. Price, \$13.75.

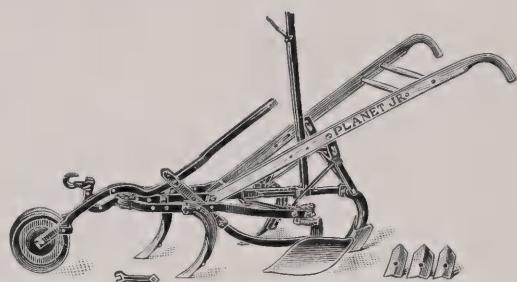

No. 91 12-Tooth Harrow

This machine gives excellent satisfaction in early summer, when plants are small. Breaks the crust on the ground without covering the tender plants, at the same time destroying the first crop of weeds. Price, \$12.50.

No. 60 Planet Jr. Double Wheel Onion Hoe

Price, \$9.00.

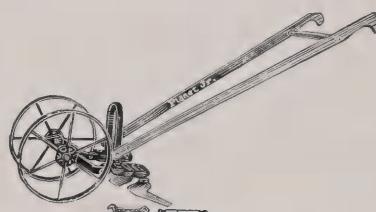

No. 8 Horse Hoe

For thorough cultivation this machine has no equal; it can be used for plain cultivating or for hilling work in corn, potatoes, etc. The lever wheel and depth regulator make it very easy to operate. Price, \$16.00.

No. 18 Single Wheel Hoe

For cultivating small crops the No. 18 is just the thing; simple but very effective. Thousands of gardeners are using them profitably. Price, \$5.75.

No. 13 Double Wheel Hoe

To those who like a double wheel cultivator we recommend this machine. The two wheels make the going more steady. Price, \$8.75.

Barker and Easy Weeders

Operates like a lawn mower. Used when the plants are young, does not cover up the seedlings as it throws the dirt backward, pulverizing the crust on the soil at the same time. Made in three sizes.

6 inch width ...	\$5.00
8½ inch width ...	5.50
10 inch width ...	6.00

The Barker Weeder

Planet Jr. Speed Hoe

A wonderful little machine, indispensable to every market gardener. It breaks up the crust and gets the weeds as they come up. Made in two sizes.

8-inch width \$6.50
10-inch width 7.00

Felin's Tying Machine

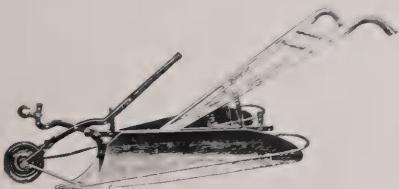

A labor-saving machine operated by foot. Will tie gladiolus, asters, green onions, beets, etc., in bunches. Cotton twine or colored braid can be used. Illustrated circular sent on request. Price, \$65.00.

Lang's Hand Weeder

This little tool is handy and useful throughout the season. Price, 25c each; 5 for \$1.00.

No. 3½ Double Celery Hiller

This tool makes a great saving in growing celery and is also excellent in hilling potatoes. It works all rows up to four feet apart. The hilling blades are 43 inches long, adjustable in width or height. The steel rod leaf lifters can be raised or lowered in height to suit the crop. With their aid celery can be hilled without handling. Price, \$23.50.

HOTKAP SETTERS. Each

Hotkaps are used to protect early cucumbers, muskmelon, tomato and pepper plants from late light frosts and cold weather. With them you can have your crop 10 days earlier, when the market is still good. Write for illustrated pamphlets.

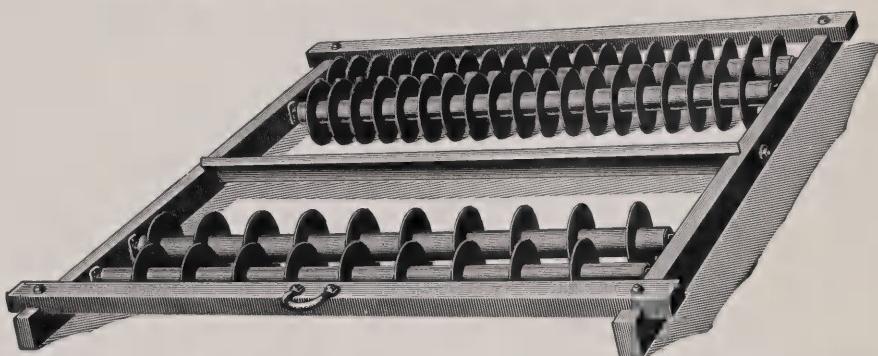

We do not split packages of Hotkaps.

Transportation charges prepaid to your R. R. station.

CARRYING STOCK ON HAND ENABLES US TO MAKE QUICK SHIPMENT

When buying seeds you cannot see how good they are like you can when purchasing boxes or baskets. Therefore, seeds should be regarded as an investment. Dividends come when the crop is marketed. Invest your money in Sluis' Seeds and get bigger dividends.

MEEKER HARROWS

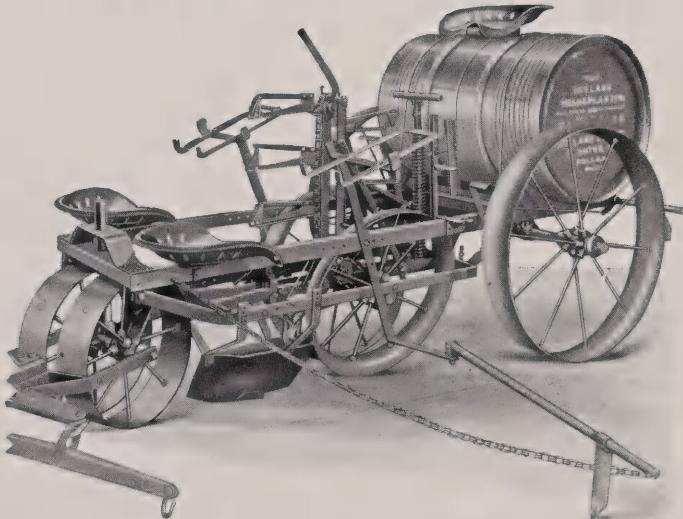

The money spent in the purchase of a Meeker Harrow is an investment never regretted; saves a lot of labor and gives the seed a better chance to come up evenly; prepares the seed bed more perfectly than any other tool we know of.

They are made in the following sizes:

	Price
4 feet 6 inches by 4 feet, with 46 8-inch discs	\$37.50
6 feet 8 inches by 6 feet, with 58 8-inch discs	40.00
